

## 2026 PGA Tour Golf Pool

This is a 24-tournament, season-long pool. Rules:

- \$180 entry for the season.
- There are 24 tournaments selected for the 2025 PGA Tour golf season.
- You pick one golfer for that tournament by **Wednesday night** before the tournament starts. You cannot pick that golfer again for the rest of the year.
- **WITHDRAWAL RULE:** If your golfer WD's after 8 holes or less on the first day of the tournament, you get the highest ranked (world rankings) golfer in the same group. If you picked him already, you get the next highest. If your golfer WD's after 9 holes or more, he is considered CUT. If there is no cut that week, you get last place points.
- **HOW IT WORKS:** You get your golfer's under or over par score for that tournament. If your golfer misses the cut, you get 10 strokes more than the last place finisher who made the cut.
- **FOR EXAMPLE:** 2024 Farmers Insurance Open: Snedeker finished tied for 78th with a +6 score. If you picked a golfer in this tournament who missed the cut, you would get +16.
- There are a few tournaments this year with no cut. You will get the score of whatever he shoots for the 4 rounds.
- These scores will accumulate throughout the season. Lowest totals at the end will win the overall prizes.
- **WEEKLY BONUS:** If your golfer finishes the highest among all of the picks for that week, you win or share in a weekly prize amount of \$100
- **SURVIVOR:** There is a prize to the player whose picks never miss the cut. If more than one player is left standing, they split. If all are knocked out before the 22nd week (last tournament of cuts), those left at the last week will replay the Survivor in the next week. They cannot pick the same golfer or any previous golfers. If all survivors get knocked out on the 22nd week, those who were left the last week will split the Survivor pot. NOTE: There are multiple tournaments this year with no cut. The 18 tourney's with cuts are the ones that will be used. SEE THE SCHEDULE FOR THE LIST OF TOURNAMENTS.
- **SIX IN-SEASON WINNERS:** Best total score in tournaments 1-4, 5-8, 9-12, 13-16, 17-20, 21-24: \$300 each.
- **LOW ROUND BONUS:** If your golfer shoots the lowest round of the week in the tournament vs the other players picked (not the entire field) and is not tied, you win \$50. However, if you and others pick the same golfer that week and he has the lowest round in the tourney amongst the golfers picked, you split. (If Brooks has the low round of the weekend among the golfers picked and multiple people picked him, it's a SPLIT) Ties to other golfers picked will constitute a rollover to the next week! (If Tiger and Scotty both had 64's as the low round of the weekend and both were picked = ROLLOVER)
- **3 weekly rollover pools:**

- **HOLE IN ONE POOL:** If your selected golfer for that week makes a hole in one during the competition rounds (not practice rounds) you win the pot for whatever it is worth that week. It starts at \$110 in week one (\$70 rolled over from last year) and adds \$40 each week until won. If no winners after the 24th tourney, it rolls over to the next year. Players from the previous year are eligible for the rollover amount from the previous year. (\$600) New players are eligible for the beginning amount plus any rollovers occurring during the current season. Previous players take down the entire pool amount. New players can only take down 2026 amounts.
  - **EAGLE POOL:** If your selected golfer has more eagles (double-eagles count as 2) for the entire tournament than any other selected golfer, you win the pot for that week (if nobody else picked the same golfer). If your golfer ties another (with the same golfer) or others the same week, it's a one-tie all-tie and the pot rolls over to the next week. Basically, a unique pick with the most eagles not tied for the week, wins the pot. \$40 is added each week to this pot. If there is a tie at the end of the last tournament of the year, the TOTAL amount of eagles accumulated by all of your selected golfers throughout the season will determine the winner(s) of the Eagle Pool. Everyone is eligible for this pot if there is no clear winner in week 24.
  - **5-BIRDIE POOL "YATZEE":** If your golfer has 5 birdies in a row during any of their rounds, you win or share in the weekly prize of \$40. If there are no 5-birdie stretches by any of the picked golfers, the pot rolls over. This gets paid out even if there are ties with your golfer and another picked golfer. Any money left after week 24 will roll to next season.
  - Payouts: (Based on 70 people x \$180 = \$12,600) Estimated\*
    - 1st Place: \$2100
    - 2nd Place: \$970
    - 3rd Place: \$450
    - 4th Place: \$250
    - Weeks 1-4: \$300
    - Weeks 5-8: \$300
    - Weeks 9-12: \$300
    - Weeks 13-16: \$300
    - Weeks 17-20: \$300
    - Weeks 21-24: \$300
    - Survivor: \$500
    - Low Round: \$1200 (\$50/week)
    - Weekly Prize: \$100 (24 weeks x \$100 = \$2400)
    - Hole-in-one Pool: \$40/week (24 x \$40 = \$960)
    - Eagle Pool: \$40/week (24 x \$40 = \$960)
    - 5-Birdie Pool: \$40/week (24 x \$40 = \$960)
- \*Actual payouts will be published once we know how many people are in the pool.
