## Wally Overstreet Collection

<http://www.overstreethouseofcars.com/>

Saturday, August 19 was a beautiful day and made even more beautiful for a Gateway Buick Club tour of Wally Overstreet's "House of Cars" collection. What more can one say other than – WOW, WOW, WOW!!!! A full description of the collection and the history of how the collection came to be can be viewed in more detail on their website:

[www.overstreethouseofcars.com](http://www.overstreethouseofcars.com).

Handsomely displayed in an otherwise non-descript building in an industrial park, this collection was just eye popping. There were muscle cars, foreign exotics (Ferrari's galore), vintage cars, street rods, race cars and beautifully restored originals which were a feast to the eyes of people who appreciate cars. The lone Buick in the collection is a 1953 Buick Skylark. If a collection is to have only one Buick, it can't get any better to get than the 50<sup>th</sup> anniversary Skylark.

The following pictures of our club members who were in attendance and some of the cars show what a wonderful day this was. A big and hearty Gateway Buick thank you goes out to Wally and John for affording us this marvelous experience.

**Chet and Bill**

**Mary, Ginny and Jeanne**

**The Lasinski contingent**

**Pete and Bob**

**Ted, Gene and Barb**

**Dave and Kristina**

**Jeff and Geoff**

**Wally and John Overstreet**
