

## Don Pfitzinger

This month's "Member Spotlight" focuses on one of our newest members, Don Pfitzinger, Sr. Don currently owns a 1930 4-door sedan.

When asked which was his all-time favorite car, Don said it was a 1932 Ford Roadster street rod. When asked why, he said he owned this car for 5 years when he was a young man. It appeared in a 2 page article in Hot Rod Magazine in 1958 or 1959 (was not sure of the year). Don thought it was great to have and be able to drive a published car!

Don just joined the Gateway Chapter and BCA this September 2011. So far Don has been to the last two meetings and we look forward to him being an active member in the future.

Don is a retired auto mechanic. He worked for Sunset Ford for 13 years and Bud Anderson Ford for 13 years. He also owned his own auto repair business located in [Fenton, MO](#) for 13 years before retiring. Sounds like the number 13 was a lucky number for Don.

Other than enjoying old cars, Don has a thing for fishing. For the past 12 years he has owned a home at [Lake of the Ozarks](#). He used to be an avid fishermen, however, now he likes to go fishing only when the fish are biting!

Don caught the "Old Car Bug" early in life, however, he said it seems like its been a lifetime. Don owned several old cars through the years, but let them go when the family came along. However, now he is back in the hobby with his current 1930 Buick.

Don and his wife Pat have been married 51 years and have 3 children and 8 grandchildren. Don and Pat, we welcome you to the club and hope you enjoy your time with us. Thanks for joining the Gateway Chapter!
