Subject: Notification of Product Status  
**NP18-8257** SGET  
By: SPIG Industry, LLC

Dear Mr. Monin, Jr.:

The North Carolina Department of Transportation evaluated the forenamed product and assigned a status of "**Approved**" to **NP18-8257** SGET (End Treatments) on the Department's Approved Products List ([APL](#)).

An approved status does not infer the product will be used in NCDOT projects or that the products will be actively promoted by the Department. It will be your responsibility to market your product. If the product is changed for any reason, or is not performing effectively, the product status will be changed accordingly.

Additionally, beginning in 2020, you must recertify your product on an annual basis by the 31st of January. If a recertification is not received by January 31st, the product will be removed from the Department's Approved Products List ([APL](#)). Recertification Notices with detailed requirements will be sent out in December of each year. If at any time, contact information has changed, you must inform this office.

Please do not hesitate to inform us of any other products that may benefit the Department. If you have questions or comments, I may be reached at 919-707-4808 or via e-mail at: [productevaluation@ncdot.gov](mailto:productevaluation@ncdot.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Ben Johnson".
