

February 8th, 2020 at

In 2010 a group from the High Point area discussed the difficulties experienced by young men and women returning from Operation Enduring Freedom, our current operations in Iraq and Afghanistan. Our Soldiers, Marines, Sailors and Airmen are engaged in the longest war in the history of the United States and the size of our fighting force is the smallest it has been in recent history.

As a result, our servicemen and women were experiencing multiple deployments; some as many as ten with three or four deployments during this time period being common. Many of these who've served multiple deployments are National Guard and Reserve, and not even full time soldiers. Thousands of first Little League games, dance recitals, births, and other milestone occasions in their lives and the lives of their families have been missed. As citizens who appreciate the sacrifices and efforts of these brave young men and women, the group formed Enduring Gratitude www.enduringgratitude.org, a 501c3 Charitable Non-profit Federal Tax ID # 27-4873506 with the express purpose of providing these, who have volunteered, served, and sacrificed with a memorable experience in the outdoors as an expression of our gratitude. We have recently changed our eligibility to include all those who have served in conflicts and put their lives on the line for our freedom.

Unlike many similar organizations, there are no paid employees of Enduring Gratitude. Since our inception, we've hosted multiple events including bird hunts, deer hunts, turkey hunts, and waterfowl hunts for soldiers across our state. Some events were small with only a half dozen or so participants and some were quite large with almost 160 veterans at the 2019 Enduring Gratitude Pheasant Tower shoot and Sporting Clay shoot at Beaver Pond Sporting Club.

To make this happen, we need others like us who are grateful for the sacrifice of these men and women. Doing this requires money, and volunteers and we're counting on Americans like us to help make this happen. Please look into Enduring Gratitude and consider getting involved in thanking this new generation of heroes for their sacrifice. enduringgratitude.org

Proposed Schedule: Details on the February 8th, 2020 Enduring Gratitude Event at Beaver Pond Sporting Club

www.BeaverPondNC.com Snow Camp, NC [Map to Beaver Pond](#)
