

Dear Sir or Madame,

This letter is to serve as a recommendation for British Commercial Cleaning. I have personally known Ann since 2009 since our children began playing sports together. She is one of the kindest, generous, thoughtful people that I know. I am truly blessed to call her my friend.

During the early years of our friendship, I was witness to her methodical organizational skills, strong work ethic, and attentive, professional relationships with people, families, and various organizations.

Later in our friendship, we developed a professional relationship for the past twelve years. Once again, as I witnessed before, Ann has continued with her excellent organizational skills, dedicated work ethic, punctual, and tops it all off with a "can-do" attitude. Ann and British Commercial Cleaning have gone above and beyond in every aspect of the job requirements for me.

Ann is an incredible asset, and I have no hesitation about giving her the highest recommendation. Please contact me if you have any questions.

Sincerely,
Savonia Guy
