ABOUT THE CONFERENCE

We welcome you to join us for the TGPN 5th Annual Women in Tribal Gaming Symposium to be held virtually on May 11-12, 2021. We are excited to provide two days of breakout sessions, panel discussions, a networking event and the announcement of the 2021 Woman Warrior Award.

The Women in Tribal Gaming Symposium was first held in 2017 to provide support and shared experiences for women involved in tribal gaming with the goal to promote diversity within the tribal gaming industry. Held annually, the Women in Tribal Gaming Symposium is led by women, coordinated by women and dedicated to maximizing opportunities for women in the gaming industry.

The Women in Tribal Gaming Symposium is a gathering of the most eclectic, innovative and trend-setting tribal government and gaming industry leaders. More than 200 women and men have attended the symposium each year since its inception. Representing various tribes, businesses, gaming operations, and gaming professionals, the Women in Tribal Gaming Symposium will be an incredible virtual experience.
