## THE NOTTINGHAMSHIRE GLASS RANGE

The glass that you choose for your doors should create a statement about your property. Choose between a traditional patterned design such as English Rose or Fleur, or opt for a more elegant bevelled pattern. All doors can be supplied with clear or obscure glass - the choice is yours.

Our collection includes some stunning new glass designs.

**The Kensington Range**, with a 10mm clear border and sandblasted centre allows the perfect amount of light to flood into your house.

**Zinc Art Prairie** offers simplicity, balance and exceptional quality.

**Simplicity** is the epitome of minimalism and clean good looks.

**Zinc Art Star** - Combines Bevels with a striking zinc framing

## THE COLOURS

**W**ith a choice of 13 colours, including two wood effect options, we are confident that whatever your colour preference the Nottinghamshire Collection will have a door to compliment and improve your home.

Additionally the Nottinghamshire collection has a unique glazing cassette which eliminates the need for grommets to be used when covering fixing screw holes, grommets do not always match the cassette. Our glazing cassette is manufactured to securely clip together once the glass has been fixed into the aperture - safe - secure - elegant.

### NO DISCOLOURATION

It is a fact that timber doors will discolour over time and need repainting. Our composite doors have a GRP skin that will NOT discolour over time, meaning your door will look as good as when it was installed in years to come.

### BESPOKE COLOURS

If we dont have a colour to meet your specific requirements we can spray paint your door to match any RAL colour option. This is covered by a 10 Year guarantee so you can rest assured that the finish will be perfect.
