

STEVE
GRATER
SCULPTURE

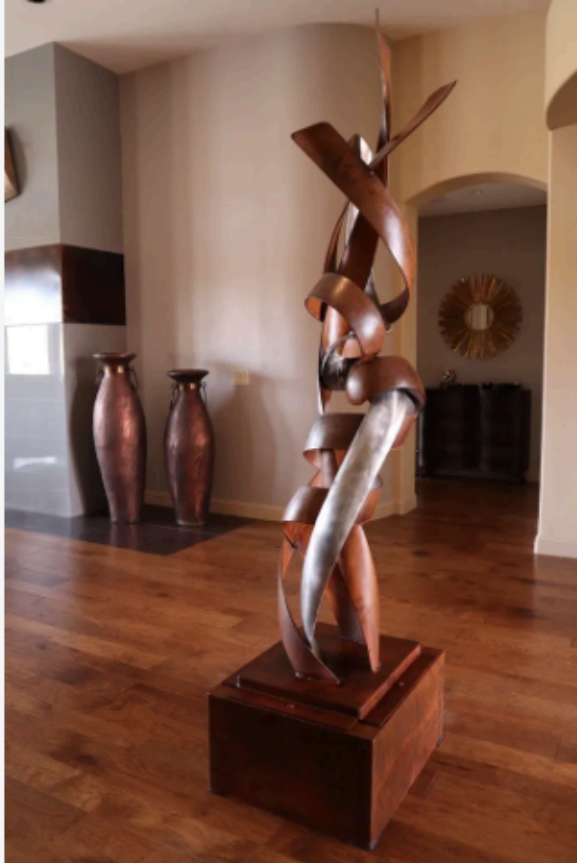

Steve had a successful second year at the 2024 Sculpture Tucson Sculpture Festival Show & Sale

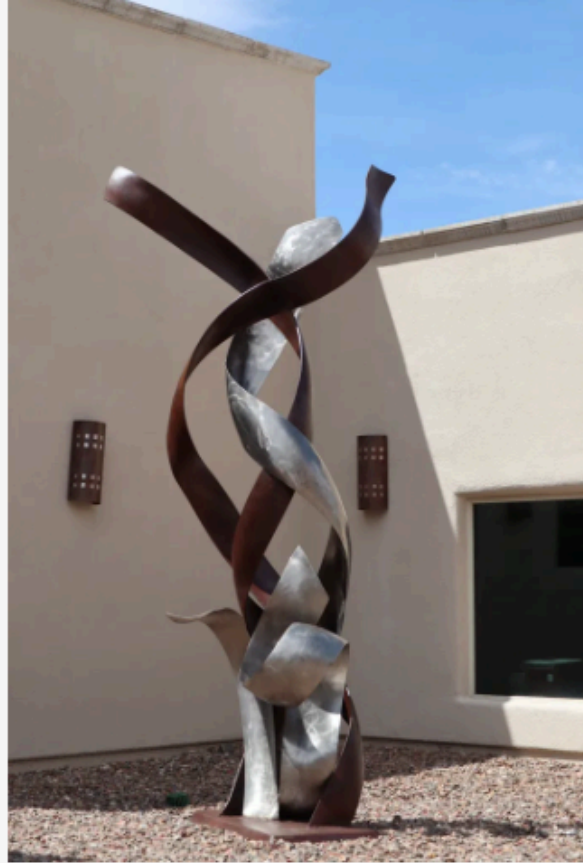

Steve assembles a hollow form sculpture

Steve enjoyed connecting with people at the [Sculpture Tucson](#) show in March and sold five sculptures. "Herald" and "Muse" were selected to be exhibited at Tucson's [Hacienda del Sol](#) resort. We spent much of April on the road, delivering "Transmuting" to [Art Around the Corner](#), where we received generous hospitality in St. George, UT, and "Uprising" to [Art on the Street](#) in Lafayette, CO, where they gave us a most comfortable stay. We saw the [Benson Sculpture Garden](#) in Loveland, CO and galleries in Santa Fe, NM. Steve spent May and June in his studio, creating new sculptures for his first year in the [Sculpture in the Park](#) show in Loveland, taking place August 9 to 11. We went to Carson City, NV in June to visit family and see [Buffalo Creek Art Center](#) in Gardnerville, where Steve will be an artist in residence in August and September until he exhibits for his second time at [Reno Tahoe International Art Show](#) September 12-15.
