STEVE GRATER SCULPTURE

MARCH 2024

A lot has been happening since our last newsletter!

Hard at Work

Steve Grater has spent most of the winter in his shop refining his large steel and stainless steel ribbon sculptures and venturing into new creative territory with hollow form steel. Starting with [Sculpture Tucson's big outdoor show in mid-March](#), Steve will enjoy getting out this year and talking with people, meeting other artists, and seeing how folks engage with his work.

The Business of Art
