LOVER

MEET THE ARTIST

Hi, I'm Jessica,
artist of Jess J
Creative Studio,
and I want to help
you find a gift as
special as your
loved one. I started
this business
because art is an
important aspect
of my life and I
wanted to
celebrate it further
and share it with
others.

During my first year as a full time teacher, I began making art in my free time to help my mental health. I have combined two of my great loves to create one-of-a kind art pieces for lovers of all things floral and artsy.

Flowers are amazing because they can express what cannot be fully said with words. I hope you can find a gift that shows that you value and love them deeply.
