As part of Boys & Girls Clubs of Western Pennsylvania's 135 year history of serving Western Pennsylvania's youth, our After School Club keeps our young people on track academically and ensure access to a supportive and enriching environment. With positive mentoring, impactful programs, meals and services, and most importantly fun while meeting the needs of working families in our community, let's head back to school better than ever!

Guided by our trained instructors in both evidence based, custom created, and Boys & Girls Clubs of America curriculum, our After School Club offers creative, age appropriate opportunities for children in grades 3rd through 8th including daily STEM rotations, arts, fitness & recreation, computer skills, tutoring, literacy, robotics, and leadership training!
