The screenshot shows a video conference interface. In the top right corner, there is a small video window showing a person. The main content is a yellow slide with the title "Why do different cultures eat different things?" and a bulleted list of factors. At the bottom of the slide, there is a blue banner that says "FOOD EXPLORERS" and a timestamp "2020-05-27 15:43:52".

Why do different cultures eat different things?

- Availability
- Foods people grow up eating.
- Cost of food.
- How it helps our body stay healthy and strong.
- Cooking time.
- How you feel.
