City of Elsa, TX 2024-25 Adopted Budget

City Manager J. J. Ybarra

Alonzo "Al" Perez Jr., Mayor Victor Hernandez, Mayor Pro-Tem Carlos "Cory" Sanchez, Councilman P.I. 1 Fernando Rosa, Councilman PI.3 Frances S. Rocha, Councilwoman PI. 4 Juan Jose "JJ" Ybarra, City Manager

Honorable Mayor and Council Members,

I am pleased to present the proposed budget for the fiscal year beginning October 1, 2024, and ending September 30, 2025.

The highlights of this budget proposal include the absence of a tax rate increase. This has been made possible by the increased values assessed by the Hidalgo County Appraisal District, growth in building permits, and volunteer annexations. These factors collectively underscore the continuing growth and development within the City of Elsa.

Please note that there will be increases in carryovers specifically related to Health Insurance, Liability, Workmen's Compensation, and utility expenses. Thanks to our responsible management, our Fund balances are prepared to cover these carryovers without affecting the overall stability of our financial outlook.

In addition, I want to emphasize that the General Fund will not require increases in personnel. The allocation of Urban County funds for 2024 will be targeted towards street repairs, further contributing to our city's infrastructure without the need to pursue certificates of obligation.

This budget reflects our commitment to fiscal responsibility and continued growth for the City of Elsa. I am optimistic about the positive impact it will have on our community. Your thoughtful consideration of this proposal is appreciated.

Respectfully,

Juan J. Warra City Manager City of Elsa

The City of Elsa is a smaller organization with typical operations ranging from the largely tax-supported functions generally associated with city government such as police, fire, parks, health services, libraries, and street maintenance. Your tax dollars also support two Corporations within our City. The Economic Development Corporation and the Municipal Development Corporations are funded by sales tax revenue specifically allocated to them through voter-approved initiatives; meaning that a portion of the local sales tax collected is designated to support the activities of these organizations aimed at economic development within a municipality. These organizations typically use their sales tax revenue to provide financial assistance to businesses through loans, grants, or infrastructure investments, with the goal of creating jobs and stimulating economic activity.
