# PRODUCTS

## HYDRAULIC HOSES

We carry a wide selection of high quality hydraulic hoses that meet or exceed SAE standards. We offer the best and most economical hydraulic hose on the market.

## ADAPTERS

Rapid Hose offers a large selection of forged imported, domestic, metric and standard adapters for all of your needs.

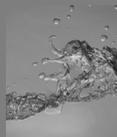

## QUICK COUPLER

We offer all types and styles of quick disconnects available in the industry, we work directly with reputable suppliers to make certain that our customers receive a quality product.

## FITTINGS

Rapid Hose offers a variety of hose fittings on site, from the most common styles such as JIC and NPT to Komatsu, Caterpillar, DIN Series and Banjo Fittings.

## HYDRAULIC FLUID

We carry oil in all of our mobile units and guarantee that our hydraulic fluid prices will be lower than regular retail prices.

## HOSE PROTECTION

Rapid Hose Technicians understand the importance of a proper hydraulic hose installation and the importance of installing hose protection sleeves when necessary. We care about our customers and go the extra mile to make sure you get the most of your repair investment.
