

LITFOG Learning Institute – Capability Statement

Company Overview:

LITFOG Learning Institute is a certified small business providing scalable digital training, professional development, organizational consulting, and holistic wellness solutions to government agencies, nonprofits, schools, and private-sector organizations. With more than 20 years of experience, our services are designed to empower individuals, strengthen teams, and elevate impact.

Core Competencies:

- Digital training & professional development (LMS-ready)
- Workforce development & career readiness programs
- Trauma-informed & culturally responsive leadership training
- Curriculum design, program strategy, and course creation
- Community health & holistic wellness education
- Business Needs Determination (BND) strategic consulting

Differentiators:

- Dual expertise: Ph.D. in Organizational Management and BND (Biblical Naturopathic Doctor)
- Woman-owned, minority-owned, community-rooted
- LMS-compatible, customizable programs with certification and tracking
- Experience in training delivery for local and state programs
- Contributor to exam development for biblical naturopathic institutions
