CATERING MENU

QUALITY MATTERS

We love making good food. But even more, we love sharing food with people.

Our name comes from the old adage "worth a miller's thumb," which refers to a purveyor who is not only honest, but also provides superior quality milled grains. Because a miller tests flour by holding it on the fingers and running a thumb across, millers attentive to quality would make this motion dozens and dozens of times a day, causing their thumbs to become flat and misshapen.

This hallmark matters to us, and we believe that the best and freshest flour becomes the best and freshest bread and pastries. We also believe that you and the people who you are feeding deserve no less.

We look forward to providing you with catering that makes your event memorable.

As always, with thanks,

Jill Steve
