*Rahmah Services, LLC*  
*Environmental and Construction*

### Woman-Owned Environmental Services

### Asbestos • Lead • Cleanouts

#### Company Overview

Rahmah Services is a woman-owned environmental services firm specializing in asbestos and lead (Pb) testing and removal. Founded in 2017, the company delivers compliant, on-time solutions for residential and commercial clients across Northeast Ohio, consistently achieving perfect inspection and compliance results. Licensed professionals ensure every project meets EPA, OAC, ODH, and HUD regulatory standards.

#### Core Competencies

**Asbestos Surveys (Testing) and Removal**

**Lead (Pb) Risk Assessments and Removal**

**Repair/Renovate & Paint**

**Environmental Cleanouts:** Total interior and exterior cleanout services before demolition or renovation.

**Residential and Commercial Board-ups:** Securing abandoned or fire damaged homes

#### Differentiators

- **Same-Day/Next-Day Service:** Rapid response time for emergency projects and tight deadlines.
- **Certified & Licensed Experts:** Holding multiple EPA and Ohio Department of Health licenses, ensuring regulatory compliance and safety.
- **Scalable Personnel:** Subcontractor network allows us to handle multiple projects under \$50,000 at the same time.
- **Client-Focused:** High-quality reports with before-and-after pictures for assurance and transparency.
- **Woman-Owned & Equitable:** Committed to inclusive practices and equal access to services across communities.
