

Island Cricket 2023

New Laws - October 2022

- ▶ Number of changes to Laws of Cricket in October 2022, Including
 - ▶ **Law 18 - Batters returning when Caught**
 - ▶ First trialled by the ECB in The Hundred at the suggestion of MCC, Law 18.11 has now been changed so that, when a batter is out Caught, the new batter shall come in at the end the striker was at, i.e. to face the next ball (unless it is the end of an over).
 - ▶ **Law 22.1 - Judging a Wide**
 - ▶ Previously a delivery might be called 'Wide' if it passes where the batter had stood as the bowler entered his/her delivery stride. Therefore, Law 22.1 has been amended so that a Wide will apply to where the batter is standing, where the striker has stood at any point since the bowler began their run up, and which would also have passed wide of the striker in a normal batting position.
 - ▶ **Law 25.8 - Striker's right to play the ball**
 - ▶ If the ball should land away from the pitch, the new Law 25.8 allows the striker to play the ball so long as some part of their bat or person remains within the pitch. Should they venture beyond that, the umpire will call and signal Dead ball. As recompense to the batter, any ball which would force them to leave the pitch will also be called No ball
 - ▶ **Law 41.3 - No saliva**
 - ▶ The new Laws will not permit the use of saliva on the ball, which also removes any grey areas of fielders eating sugary sweets to alter their saliva to apply to the ball. Using saliva will be treated the same way as any other unfair methods of changing the condition of the ball. The application of sweat is still allowable.
