Ethical and environmental issues are important to us and we do our best to put this into practice. Our uniforms are supplied by NoSweat.org.uk and our fresh produce comes from local, sustainable suppliers, sourced and supplied by Richards of Par, stop by and say hello! Free range chicken isn't seen enough on menus but we want that to change.

Our beef comes from local farmer James Kittows' fields that you can walk to from here, and you can see the mussel farm we use on a clear day (with binoculars). Even our gin and vodka come from the same PL postcode, it doesn't hurt that they also happen to be in the UK's highest ranking spirits, having been awarded multiple gold winning medals in the world spirits competition. Anyone know a good reason we shouldn't use locals? We really hope you enjoy your visit to the beach and that you'll come back soon to see how we're getting on.

With love from Dan, Daniela & the whole team here at The Rashleigh Inn, Polkerris xx
