

# LAPS AND NAPS

## HOME FOR SENIOR CATS

### Cat Companion Legacy Program

Laps and Naps Home for Senior Cats Inc. offers you peace of mind through our **Cat Companion Legacy Program**. Through this program, you make arrangements for Laps and Naps to receive custody of your cat(s) upon your passing. You can make the decision on whether you would like your cat(s) to be available for adoption into a loving home, or if you would like them to remain under the guardianship of Laps and Naps for the duration of their lives. We will ensure they receive high quality food, supplements as needed and medical and comfort care while under our guardianship.

Contact your attorney to specify in your legal documents that Laps and Naps Home for Senior Cats Inc., will become the legal guardian of your cat(s) in the event of your death. If you plan to use Laps and Naps as a "back-up," specify that Laps and Naps will become the legal guardian only if the previous caretaker cannot fulfill the responsibility.

#### **Donation**

While we do not have a set fee for accepting your cat(s) into our legacy program, we do ask that you designate in your legal documents that a donation be made to Laps and Naps when your cats come into our guardianship. Funds donated by will would be used to the benefit of all cats under L&N's care. If you would like to provide financial resources specifically for the care of your cat(s), please talk with your attorney about creating a pet trust. For every cat under our guardianship, we provide high quality food and supplements and appropriate medical and comfort care throughout the remainder of their natural lives.

Laps and Naps Home for Senior Cats Inc. is pleased to offer a program that will give you the peace of mind of knowing that your beloved cat companions will be loved and provided for after you are no longer able to care for them. Rest assured that you are making a loving decision for your furry family members!
