Pilot Services & Solo Aircraft Operations

3. Pilot Services

À-la-carte flight services for pilots who are not participating through flyMVA Club Membership or Provisional Membership.

Examples of Pilot Services include: flight reviews, aircraft checkout or familiarization, proficiency training, high-performance endorsements, transition training, and other instructor-accompanied flight services.

Pilot Services aircraft use is dual only with an MVA-authorized flight instructor and does not provide solo rental privileges.

Service	Rate
Cessna 172 – Wet	\$175 / hour
Cessna 182 – Wet	\$280 / hour
CFI Services	\$75 / hour

Aircraft time is billed on the Hobbs meter. CFI time is billed separately from aircraft time.

Solo Aircraft Operations

Morning View Aviation does not offer walk-in or general-public solo aircraft rentals.

Solo operation of Morning View Aviation aircraft is limited to the following:

- flyMVA Club Members who have completed the required aircraft checkout and are authorized for solo operation;
- Student Pilots conducting authorized solo flights under the required instructor endorsements and Morning View Aviation training requirements; or
- Eligible graduates operating during an approved Graduate Transition Period, subject to applicable program requirements and operating limitations.

NO WALK-IN OR GENERAL-PUBLIC SOLO RENTALS

Payment

Published rates shown are the base rates. Credit card payments are accepted where available; any applicable credit card processing fee will be disclosed before payment.

Rates and services are subject to applicable Morning View Aviation agreements, policies, operating requirements, aircraft availability, and instructor availability.
