

## **Definition**

Synthetic rubber elastomeric waterproofing membrane.

## **Types**

- Reinforced
- Non reinforced
- Self adhesive

## **Advantages**

- High elasticity
- Weather resistant
- Long lifespan

## **Limitations**

- Adhesive seam reliance
- Petroleum sensitive

## **Applications**

- Roofs
- Facades
- Ponds

## **Installation**

1. Clean base
2. Lay sheet
3. Adhesive bond
4. Seam tape
5. Edge fixing
