One would be that four elementary schools would consolidate into two. This being due to the fact that the 2025 elementary student census was the same number as it was 20 years ago, with eleven more schools at the moment. Brings admission rate down.
- B. If the bond were to pass, PRE would make use of funds by analyzing with third party

- to find maintenance items that PRE needs help with.
- C. PRE sits in the middle across the district with the level of needs.
