

## Rhapsody

1-pc. Solutions

### Touch Combo

Power=hard wired  
Voltage: high or low

### Aida

Power=hard wired  
Voltage: high or low

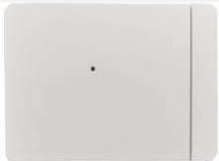

Remote User Interface (RUI)

### Air BLE

Power = battery  
Voltage: low  
Works with ES Controller

Controller

### ES Controller

Power = wired  
Voltage: high or low  
Works with Air BLE

## EcoSmart

1-pc. Solution

**EcoInsight+**  
Power=wired

Remote User Interfaces (RUI)

### EcoAir

Power = battery  
Voltage: low  
Works with EcoSource+ or VRF Controller

### EcoTouch+

Power = battery  
Voltage: low  
Works with EcoSource+ or VRF Controller

Controllers

### EcoSource+

Power = wired  
Voltage: high or low  
Works with EcoAir or EcoTouch+

### VRF Controller

Power = wired  
Voltage: low (?)  
Works with EcoAir or EcoTouch+
