**Re: Reference Letter for Tamara Walker, Projexx Ltd.**

To Whom It May Concern,

I am writing to recommend the services of Tamara Walker of Projexx Ltd. I have been working with Tamara Walker since joining Via Rail in April of 2018, and she has worked for Via Rail since August 2017. She has and continues to provide services for us at our train station in Edmonton, Alberta, located at 12360 121st Street NW.

We have used Tamara's services for numerous projects, such as urgent repairs to the station and parking lot, rekeying, landscaping, paving, cleaning, septic for the train, and so much more. She does everything possible to make our lives easier.

Tamara is wonderful to work with. She keeps us updated with consistent and clear communication, so we always know exactly where our projects are at. She is extremely flexible and accommodating. She listens to all requests, and adapts without complaint, doing everything possible to ensure everyone is at ease. She is a friendly face to have around, and we enjoy having her on site. I am very happy to have Tamara working on projects for Via Rail, and highly recommend her for any project or position.

Sincerely,

A handwritten signature in black ink, appearing to read 'K Razavi'.
