Protecting you through superior sanitisation

## Introducing the [pod] Solution

### What is the POD?

Portable, ready to use hand & surface sanitisation unit. Built for longevity- perfect for retail, factory, office & social spaces.

### Key Features:

- Delivered assembled and ready to use.
- Automatic or manual sanitiser dispensing options.
- Centrefeed wiper roll dispenser.
- Lockable cabinet for keeping bulk refill sanitiser safe.
- Wipeable surfaces' easy to disinfect.
- Bulk Refill system for sanitiser reducing plastic waste.
- Large capacity integrated waste bin.
- Modular system to allow scaling.

Designed to protect your greatest asset, **people**.

COVID19 has changed the way we view sanitisation in shared retail and work environments.
