We are meeting with city counselors and planners. They are the primary decision makers on all policy issues. I will be doing a presentation to explain the policy concerns we have. However we need 15-20 people at each meeting to show community support. You will not have to do anything, I will handle all of the presentation and answer questions. If you have a particular concern this will be an excellent opportunity to get it to the decision makers.

Sylvia MacDonald and Carol Rogers have done an excellent job in contacting the councilors and setting up these meetings, But we need community support to drive our point home.

Please contact Sylvia or Carol using their e-mail addresses above s.macdonald_903@hotmail.com

If you want to save the golf course, your views and your values now is the time to step up and help.

Thanks
Don
