

PIGGING POLES DATA SHEET

Middle East Manufacture of Pipe Cleaning
Equipment

PIGGING POLES DATA SHEET

General Information

Pigging Pole is made specifically for pipeline pigging. To launch the Pig, it is easily seated because of the front mounted ram on the pole which does not cause any damage, and to retrieve the Pig we attached a hook on the other end. The poles and accessories are safe to use because they are made from high strength aluminium which will not create any spark.
