# FEATURES & BENEFITS OF HOSHIZAKI PRODUCTS

- 30% Less noise
- Higher efficiency space-saving design

- Improves sanitation within the machines

- Comparable quantity production in half the cycles
- More efficient & economical
- Longer life and less maintenance

- Performs a 2 second rinse every hour
- Reduces harmful mineral build up
- Automatic process saves on service & maintenance

- Thermostatic Expansion Valve responds to peak times or product overload
- Quickly responds to demand and regulates refrigerant flow
- Controls temperatures more effectively for energy efficient operation.

ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy-efficient products and practices. For more information, visit [www.energystar.gov](http://www.energystar.gov).

## Look for the ENERGY STAR and Find Savings

Compared to conventional CFS equipment, ENERGY STAR certified equipment could save you the following over their lifetimes:

PRODUCT TYPE	LIFETIME SAVINGS	BENEFITS/TECHNOLOGIES	INCENTIVES
Ice makers 	\$900-\$1,300	Quicker ice harvesting through harvest assist devices	\$20-\$2,400
Refrigerators and Freezers	\$900-\$1,000/\$2,000-\$4,300	Improved fan blade design and uniform cabinet temperatures	\$25-\$1,000

 Also saves water
