

Help Support FREE Tax Prep for the Community

MontcoVITA operates as a 501(c)3 nonprofit organization in partnership with the IRS in order to offer FREE basic federal, state, and local tax return preparation to those making less than \$70,000 per year in accordance with the rules and scope limitations of the IRS VITA Program.

We are hoping we can count on you for support!

Free Tax Prep for Low and Moderate-Income Taxpayers

We provide free tax prep to over 250 local families, creating a vital solution to a common and expensive annual problem.

Returning Money to Local Families via Tax Refunds

We help to provide financial security for at-risk families and their loved ones, ensuring their family budget stretches farther.

One of the Few VITA Centers Founded by CPAs

Most VITA Centers are staffed by volunteers with very little tax background but our professional certifications ensure a quality tax return.

Empowering Student Volunteers and Future TaxPros

We train accounting students to help prepare tax returns. Our EA Scholarship Fund helps to create new credentialed tax pros!

Why Support Our Charity?

As a 501(c)3 organization, we rely on donors such as yourself in order to sustain our mission. We do not charge for our services, yet we have all the typical expenses of an accounting firm. Our overhead cost per free tax return averages \$86.

- ✓ All donations may be tax deductible on your own tax return!
- ✓ Donations go directly to supporting your neighborhood!
- ✓ Alignment with the requirements of the CRA of 1977
- ✓ Your support is critical to our mission!
