

THE TECHNOLOGY

The Telyos FreshAir Personal creates an almost particle-free zone around the wearer by generating high intensity ion streams that add charges to nearby airborne particles. These charged particles repel each other and adhere to surfaces out of your breathing zone. This means substantially decreased concentrations of allergens, smoke, dust, and pollen in the air you breathe.

THE BENEFITS

The FreshAir Personal provides nature's own cleaning properties with a built-in ionizer that attracts free-roaming particles and captures them, reducing allergens and pollutants that invade the space you breathe.

- 7x more ion output over previous model
- Freshens personal air space wherever you go
- Reduces airborne contaminants and allergens
- Consider deleting or revising to be consistent with new and upcoming warranty language related to maintenance
- Lightweight, easy to use and rechargeable

FEATURES

- Designed and engineered to be so simple to use that it encourages daily usage
- Utilizes the process of ionization to provide clean air by creating negatively-charged ions to remove microscopic particles from the air
- On/off switch to preserve battery usage
- Features a universal neck strap and built-in clip for hanging it on a collar

SPECIFICATIONS

9970022 Model : FreshAir Personal	
Product Information	Rated Voltage: 3VDC Power Consumption: <0.03 Watt
Electrical	Power: Lithium Battery Battery Life: 72 Hours
Ion Output	5.5 million/cm ³ 7X MORE!
Ozone Output	<0.01 ppm max output
Weight & Dimensions	50 +/- 5g 2.2" W x 3.8" H x 1" D (55.6 mm x 83.8 mm x 25.4 mm)
Warranty	90-Day Limited warranty
