

ACWORTH COMMUNITY CHARITABLE TRUST

February 2021

Newsletter

No.3

Despite the challenges of the last year, the Trust is pleased to report robust donations and grant awards in 2020. A total of \$11,100 in grants were approved, but some projects were cancelled due to Covid. As ever, we're working to benefit the town of Acworth and its people. Realized for \$9750 were the following:

Acworth Cemetery Trustees to complete the hearse restoration.

Acworth Cemetery Trustees for headstone cleaning supplies.

Acworth Community Project for new Village Store refrigeration cases.

Friends of the Acworth Meetinghouse for the Hill Church painting project.

Logan Wheeler for the Cedars to the Sea Kroka Expedition.

2021 Grant Applications Now Being Accepted

Individuals may apply for grants toward tuition for workshops or seminars furthering their interests and talents. Local organizations may apply for support of projects that benefit the town and people of Acworth. For application packages or further information, visit www.acworthtrust.org or contact Stella Herpel, Trust secretary, frogwood@myfairpoint.net, 603-835-2925.

Fundraising

With all the uncertainty still surrounding Covid, we will wait until later in the spring to consider the feasibility of hosting a garden tour in the summer or early fall. In the meantime, prints of "Acworth Primitive," pictured above, are still available. Sales last year netted over \$1300 for our grant program.

New Members Welcomed

The Trust's grant program is funded primarily by donations from its members, numbering over 120. We always welcome new members to our mission of supporting charitable projects that benefit the town of Acworth and its citizens. Donations of any amount are appreciated and can be mailed to ACCT, POB 10, Acworth, NH 03601. Feel free to contact any of us on the Board of Directors with your questions or suggestions.
