USD Course Requirement 2 Credits of Continuing Education

Course Title:

Sharing Cultural Experience for the DODDS Student

Course Objective:

Sharing the experience of visiting a country or city. The course participants will benefit from a better understanding of a specific country and culture of the country that he or she visited during the tour. The participant will develop a one hour lesson using video or photos taken in the country, sharing the culture and pointing out commonalities and differences from our culture. Objective is to have the DODDS students who will most likely not visit a specific country experience the country and culture through his or her teacher's presentation.

Course Requirements:

Teacher will present an informational lesson about the country that he or she visited. In the Action Plan the teacher will outline objectives and goals. The use of photos and video is encouraged. Depending on the level of the class, discussion possibly and art project or a short paper that would demonstrate the level of understanding of the student. The goal of the presentation is to share a country, culture, art and architecture with students who will most likely not visit this destination. The presentation will give the student a better understanding of the city or country presented.

- A. Participate in the day tours during the visit to each city or site.
- B. Read assigned material and Informational Packet. Refer to this material during your tour and discussion/lecture meetings. Attend lecture during the tour.
- C. Create an Action Plan for presentation to students
- D. Present a one hour lesson.
- E. Submit an After Action Plan for CE Credit.
