ARDENT GROVE'S 4TH ANNUAL

# NIGHT OF HEALING AND HOPE

THURSDAY, NOVEMBER 5, 2026
NOCTURNE JAZZ & SUPPER CLUB
DENVER, CO

# 2026 SPONSORSHIP OPPORTUNITIES

## Creating a Legacy of Healing

# A NIGHT OF HEALING AND HOPE

A Night of Healing and Hope is Ardent Grove's premier annual fundraiser, a signature evening that brings together community leaders, supporters, and mental health advocates to celebrate connection and make mental health care accessible for all.

## The Evening

Each fall, Ardent Grove's community gathers for an unforgettable evening of connection and purpose. Set against the elegant backdrop of **Denver's Nocturne Jazz and Supper Club**, the event blends soulful music, **heartfelt storytelling, and mission-driven impact** into one powerful celebration.

Guests are welcomed into a **warm, candlelit atmosphere** where the rhythm of live jazz sets the tone for a night dedicated to mental health equity and healing. With a **mix-and-mingle format** designed to spark meaningful conversation, attendees enjoy **handcrafted cocktails, gourmet stationed and passed appetizers, and curated moments that bring Ardent Grove's mission to life.**

More than just a fundraiser, this annual event is a celebration of collective healing, resilience, and the belief that every person deserves the chance to grow in a safe, supportive environment, regardless of their background, identity, or circumstances.

## The Impact:
### Legacy of Healing Through Expansion

Colorado is navigating extensive reductions to Medicaid and healthcare resources and as a result AG, with community support, is rising to meet the need. What started as a small clinic with a big vision is now 19 clinicians sharing 6 therapy offices and pushing the boundaries of our space!

Since 2022, *as we prepared for our first move*, the number of clients we serve has increased by 186%, and last year alone we provided more than 6,230 therapy sessions to over 400 individuals!

In response, we are creating a more stable sanctuary for healing. Our new clinic allows us to expand specialized services, in-person care, spaces for children and families, Ketamine-Assisted Psychotherapy, community/training spaces, and the AG Team!

This fundraiser is part of the engine behind our expansion. When you partner this year, you are directly investing in a sustainable home for mental health equity and allowing us to continue saying "YES" to more people seeking healing!

**Expected Attendance:**
130 values-driven guests, including donors, corporate partners, and community leaders.

**Audience Profile:**
Individuals and businesses passionate about mental health access, equity, and community well-being.

# ABOUT ARDENT GROVE

## AND OUR PARTNERSHIP PHILOSOPHY.

## Who we are.

Ardent Grove (AG) is a nonprofit, donor-funded mental health clinic dedicated to providing low-cost and Medicaid Therapy and Assessment Services, Clinician Training, and Community Mental Health Education.

AG prioritizes accessibility and inclusivity and believes high-quality, culturally sensitive, trauma informed mental health care is a right across all stages of life; infancy through adulthood. This is what we provide to all of our Colorado Community who entrust their care to Ardent Grove.

Our team of expert therapists is chosen not only for their skills but for what they have to offer as partners in the therapy process; for their ability to foster trust, nonjudgment, and deep connection with clients. At AG, the care and education we provide is rooted in the belief that therapy is most effective within warm, collaborative, and compassionate relationships.

AG honors the courage it takes to seek therapy and is committed to creating a supportive, healing environment for all and we consider it a privilege to be on this journey with those we serve and collaborate with.

## Why Partner with Ardent Grove?

Collaborative partnerships with Ardent Grove aren't just about logo recognition or words on screens *(even though these benefits exist!)*. Partnerships with AG heal, build trust, and strengthen our community. They add diversity in the mental health services offered and result in improvement of therapy outcomes for the individuals and families.

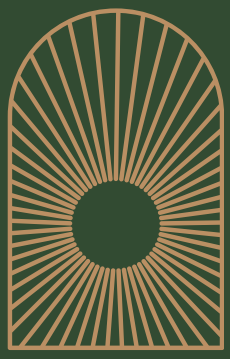
Whether through financial support, in-kind resources, volunteerism, referral collaboration, or awareness campaigns, our partners play a critical role in addressing the growing need for mental health services and education, especially for those who might otherwise face barriers to care.

At Ardent Grove, we believe the most profound healing happens in community and that values aligned, heart-centered partnerships create more space for healing and authentic connection to occur and for our communities to thrive.

# OUR BELIEF

## AND THE HEART OF OUR MISSION.

We believe mental health care is a fundamental human right, not a privilege reserved for a special few.



**Mission:** To make healing accessible through low-cost, trauma-informed therapy services, train compassionate clinicians, and provide community education that fosters understanding, connection, and collective well-being.

**Vision:** A community where every individual has equitable access to high-quality, trauma-informed, compassionate mental health support, free from stigma and barriers.

**Values:**

- **Accessibility:** *Care should never be out of reach.*
- **Equity:** *Mental health justice for every community.*
- **Inclusivity:** *All identities belong. All stories matter.*
- **Compassion:** *Leading with heart in every interaction.*
- **Integrity:** *Grounded in honesty, transparency, and accountability in all we do.*
- **Collaboration:** *Stronger together for lasting impact.*
- **Excellence:** *Committed to the highest standards in learning, care and practice.*

# OUR IMPACT

## AND HOW WE MAKE A DIFFERENCE IN OUR COMMUNITY.

### MENTAL HEALTH THERAPY & ASSESSMENT CLINIC

**267%** increase in the number of therapy sessions & psychological assessments from 2022-2025.

**186%** increase in the number of clients AGF served from 2022-2025.

**6,230** clinical sessions were provided by AG Clinicians & Trainees for nearly 400 clients.

**97%** of all private-pay clients utilized scholarships to access services with 50% paying less than $25/session.

**17+** specialties including Trauma, Grief & Loss, Maternal Mental Health, EMDR (Eye-Movement Desensitization & Reprocessing), Neurofeedback, LGBTQIA+ Affirming Care, Play Therapy, etc.

**78%** of clients utilized Medicaid to access our therapy services.

### CLINICAL TRAINING PROGRAM

**195** specialized trainings conducted by subject matter experts to enhance the training experience for AG trainees.

**53** trainees received EMDR training covered by AG, a cost of $1,500 per trainee.

**11** future clinicians trained annually including 3 Postdoctoral Fellowships, 2 Internships, and 6 Practicums.

**5** specialty trainings launched: in Infant & Early Childhood, Eating Disorder, Ketamine Assisted Psychotherapy, Psychodynamics, and advanced EMDR.

**30+** training topics include Trauma, Safety Planning, Substance Use, Family & Couples Therapy, etc.

### COMMUNITY MENTAL HEALTH

**600+** hours of trauma informed preparation & active programming to reduce mental health stigma.

**100%** of workshops, presentations & trainings have been offered as free or donation-based experiences.

**30+** customizable workshop & presentation topics available to businesses, community orgs., teams, education systems, etc.

**30+** orgs. served through community education workshops, presentations, and trainings, including schools, parent groups, businesses & faith communities.
