Vertical Screen Size: 63 inches

Horizontal Screen Size: 101 inches

Trailer Length: 97 inches

Trailer Length: 168 inches (14 ft), with tongue

Trailer Width: 47 inches

My sponsors were so pleased.

“For our annual golf tournament we usually have hole sponsors and simple give aways. This year, we mixed live streamed live shots from around course with sponsor promo videos. The players were dying to get screentime and the sponsors were happy that they were getting more exposure. We can’t wait until next year to see how interactive the course can be.”

~Rob Whitman

Features:

120V/20AMP-3 Prong Power Source

P3 Pixel Pitch, HD Technology

Anti-Glare Screen

Streaming and Wifi-Enabled

Able to display static photos, PowerPoints, movies, mirror computer screens or live broadcasts

Available for rent or purchase in limited supply.
