#### Public Comment Period

- Howard Hanson noted that the contract for the Interior Rd Bridge Project was approved 6/30/24...Howard will contact the DOT for a change management for to request payment for the increased cost on engineering for the project.
- Dale Greeno wanted to let the board know that one of his neighbors has been keeping a truck parked on the road, there were 16 cars parked on the property today, and to note that the kids are driving too fast down the road. Howard Hanson will talk to them about parking on the road. Monroe County Zoning Department has already contacted the property owners about the cars on the property, this is a zoning matter that the town must let the County deal with.

#### Contract for Building Inspector

- The City of Tomah no longer has a building inspector on staff, so the Town of Tomah needs to find someone new to perform those duties. General Engineering Company (GEC) has provided a proposal for service. They would take care of all residential and commercial building inspections and related services.
- John Ollendick made a motion to accept the contract from General Engineering Company for "Building Inspection and Related Services." Doug Bauman seconded the motion. Motion carried.

Monthly bills were reviewed and approved.

Respectfully Submitted,

Breanne Zarembo, Clerk
