

TCHAIKOVSKY'S THE
NUTCRACKER

A MUSIC PROGRAM
PERFORMED BY

*Riches
Music Studio*

SATURDAY DECEMBER 13, 2025 5:30PM
D'IBERVILLE COMMUNITY CENTER

A note from Ms. Chelsea

Welcome to our Nutcracker Showcase! I am so thrilled you are here and grateful that you chose to spend part of your busy holiday season with us. Between school events, family gatherings, and a mile-long to-do list, your presence truly means so much to our students and our studio.

This year marks our third annual Nutcracker Showcase, and I honestly can't believe how quickly this tradition has grown. What began as a big, slightly crazy idea has become one of the most magical events of our year. (If you know me at all, you know I tend to dream big—and then add a few extra pianos just for fun.)

Speaking of pianos... you may notice there are 22 of them on stage tonight. In each piece, our students are playing three to four different piano parts simultaneously, creating what we like to call a symphony of pianos. Every arrangement you'll hear was written exclusively for Riches Music Studio, making this performance truly one of a kind.

Our students have been working toward this performance for a long time—many of them started preparing before Halloween. That's months of practice, perseverance, and dedication, all while juggling school, sports, and everything else that comes with being a kid. I am incredibly proud of their hard work and courage.

This production would not be possible without our amazing staff. I am so thankful for our teachers, assistants, and volunteers who have poured countless hours into rehearsals, planning, and encouragement.

And of course, thank you—our families, friends, and supporters—for being here and cheering on our students. Music is meant to be shared, and your presence completes the magic.

So sit back, enjoy the music, and let yourself be swept up in the wonder of The Nutcracker. From all of us at Riches Music Studio, welcome—and enjoy the show!
