

# height adjustable

Pricelist 2019

## Useful information

Height adjustable underframes are designed and manufactured principally for use within office environments. Fabricated from 14 gauge laser cut mild steel sections.

Each leg frame incorporates a precision case hardened gearing mechanism, capable of exerting a lifting force of circa 800N (approx. 80kgs), and delivers 200mm of smooth stepless adjustment via a manual crank handle. As a rule of thumb this translates into a "safe working load" of 120kgs per desk, assuming the load is evenly distributed.

## Anti-Collision Technology

Freedom X is fitted with collision detection technology as standard. The solution is based on a giro that has been integrated in to the control box – without visually altering the desk design. The built-in giro reacts to any obstruction when raising or lowering the desk, and halts and reverses at the point of collision. This safeguards your furniture as it prevents material damage to a desk if a collision with a solid object occurs.

## Cable Tray Position

Freedom X cable trays can be mounted centrally or set back at the rear of the desk top for extended under desk space.

### Freedom X - Electric Sit/Stand Back to Back Bench

#### Complete Back to Back Frames

- 650mm to 1300mm Height Adjustment
- Supplied with UP/Down control switch
- Cable trays supplied separately

## Freedom Cable Management & Components

Horizontal cable management on the Freedom individual desks are facilitated by the use of optional 'drop down' cable trays, which can be hinged down on both sides to facilitate access into the cable trays from the front or rear of the desk.

Cable trays can be specified 'full' length or 'short'. The intention behind the 'short' cable trays is to leave a space at either end of the desk top to accommodate CPU holders or Personal Storage solutions.

All cable trays can be mounted either centrally under the desk top or off-set towards the rear of the desk top if more knee space is required.

### Upper Full Length Cable Tray

Code	To suit Frame Size	Price £
