Notes:

- Once you arrive and meet up with the Big Timber Crew we will make a single trip into town prior to going to the lodge. This will be your only opportunity for last minute purchases prior to boarding the boat. Our town is small, but it has most of what you might need. Walmart, Safeway, Liquor store & Big Ray's outdoor gear are the best options for last minute purchases.
- Cell service is not available within 25 miles of the lodge. it's important to enable wifi calling on your phone before you start your trip. Your last chance to make a regular cell phone call may be in town before heading to the lodge. once we arrive we should be able to get you up and running on the wifi.

River Fishing Days - If your group plans to fish in the river, you will require certain items even though the day starts on the boat. A guide will be present throughout the day. We regularly encounter wildlife on the river. There are no restrooms available once we leave the boat.
