## A Note from the Director:

I am thrilled to be directing my first show! **Anne of Green Gables** means so much to me, as I not only grew up with the original story books, but I also relate to the overwhelming life that Montgomery (*author*) creates for Anne. Anne is brought from chaos into a loving home where she finds her place. I believe the message is timeless as we all want to belong in some way. However, I also believe it sheds light on the importance of uniqueness and staying true to who you are, no matter what others think of you.

Thank you to my beautiful cast and crew! I love you all and I will always remember our crazy times together! Special thanks to Charlotte, for taking on the challenging role of Anne and being the wonderful actor I always knew she could be!
