## DIRECTOR'S NOTE

*Clue*. What can I say? It was a board game, and then a movie... both much beloved, and now it's a play that's completely insane to direct... and we made it harder, but I'm pretty sure it was worth it. We'll see.

It is an awful lot of fun. Literally. Awful. Lot. But I'm sure you'll have fun, and they'll be great, no doubt about that! I'll just be over here swimming in the plot holes and laughing at their incredible performances. Your kids are amazing, truly. I just wish they'd listen more!

*Clue* is absurd and ridiculous, and worth every moment. So, enjoy. And, thank you. Thank you to *everyone* who had *everything* to do with it! I love you. All your work and effort... I'm thrilled you were here. ☺

Now go be awesome.

**Go!**

*Bill Toscano, Director*

## SYNOPSIS

Based on the popular board game and adapted from the cult classic film, *Clue* is the comedy whodunit that will keep you guessing (and laughing) to the very end . . .

Setting: A deserted mansion, New England, 1954

It's a dark and stormy night, and you've been invited to a very unusual dinner party. Each of the guests has an alias, the butler offers a variety of weapons, and the host is, well . . . dead. So whodunnit? Join the iconic oddballs known as Scarlet, Plum, White, Green, Peacock, and Mustard as they race to find the murderer in Boddy Manor before the body count stacks up. Based on the cult classic film and the popular board game, *Clue* is a madcap comedy that will keep you guessing until the final twist.
