EDUCATION

Stay ahead in the field! Join us for our bi-monthly lunch & learns

COMMUNITY

Let's make a difference in Brevard! Join us for our annual summer volunteer event!

Lunch and Learn February 12

Mastering Electronic Security, a Practical Approach

From cameras and elevators to access control, visitor management, emergency phones, and beyond, discover how these critical systems integrate seamlessly from site planning and design coordination through to construction. This session offers practical insights, real-world strategies, and expert guidance on navigating every facet of electronic security. Whether you're looking to enhance current skills or embark on a new project, gain the knowledge you need to create safer, smarter environments.

Get Involved

Speaker Invitation: The Chapter is seeking a speaker for our meetings in April, June, August, and October. Also seeking ideas for a **Chapter social event** and a **Chapter volunteer event** this summer.

Volunteers Needed!

Our chapter is always seeking dedicated members to support our efforts in various volunteer roles. Current opportunities include: Membership Chair, Program Chair, Military Liaison, Women in Security, NextGen & Certification Assistance. If you're passionate about security, leadership, or community engagement, reach out today!

MEMBER ACHIEVEMENTS

Michelle L. Chace, MSSM was referenced in an article by Frank Pisciotta, Challenges in Starting Up a Physical Security Program for a Multi-National Corporation, published on December 9, 2024. Read the article here: [SecurityInfoWatch.com](https://www.securityinfowatch.com).

Joseph Fenning, MBA, CPP earned the ASIS International Certified Protection Professional (CPP) certification. Joe said, "it was a lot of work, but well worth it. Thank you to the ASIS Greater Orlando and ASIS International - Northern NJ Chapter XIII chapters for putting on the CPP prep courses, both were very professional and extremely helpful."

Well done Michelle and Joe!
