

~ The Blessing ~

*(An excerpt from *Owning Your Story*)*

May you rise each morning with the quiet courage to believe
that your story is still being written —
and that the Author of your life holds every page with
purpose.

When your past whispers fear,
may your heart answer with faith.

When the future feels uncertain,
may you remember that hope is stronger than despair.

You are not defined by your wounds, but by your resilience.
Not by what broke you, but by what shaped you.
Where there is life — your life — there is hope.
A future. A purpose. A reason to begin again.

So walk boldly, beloved,
with grace for where you've been
and joy for where you're going.

Because your story isn't over —
it's just getting started.

*“May the God of hope fill you with all joy and peace as you trust
in Him...”*

—Romans 15:13
