THE SHIFT.

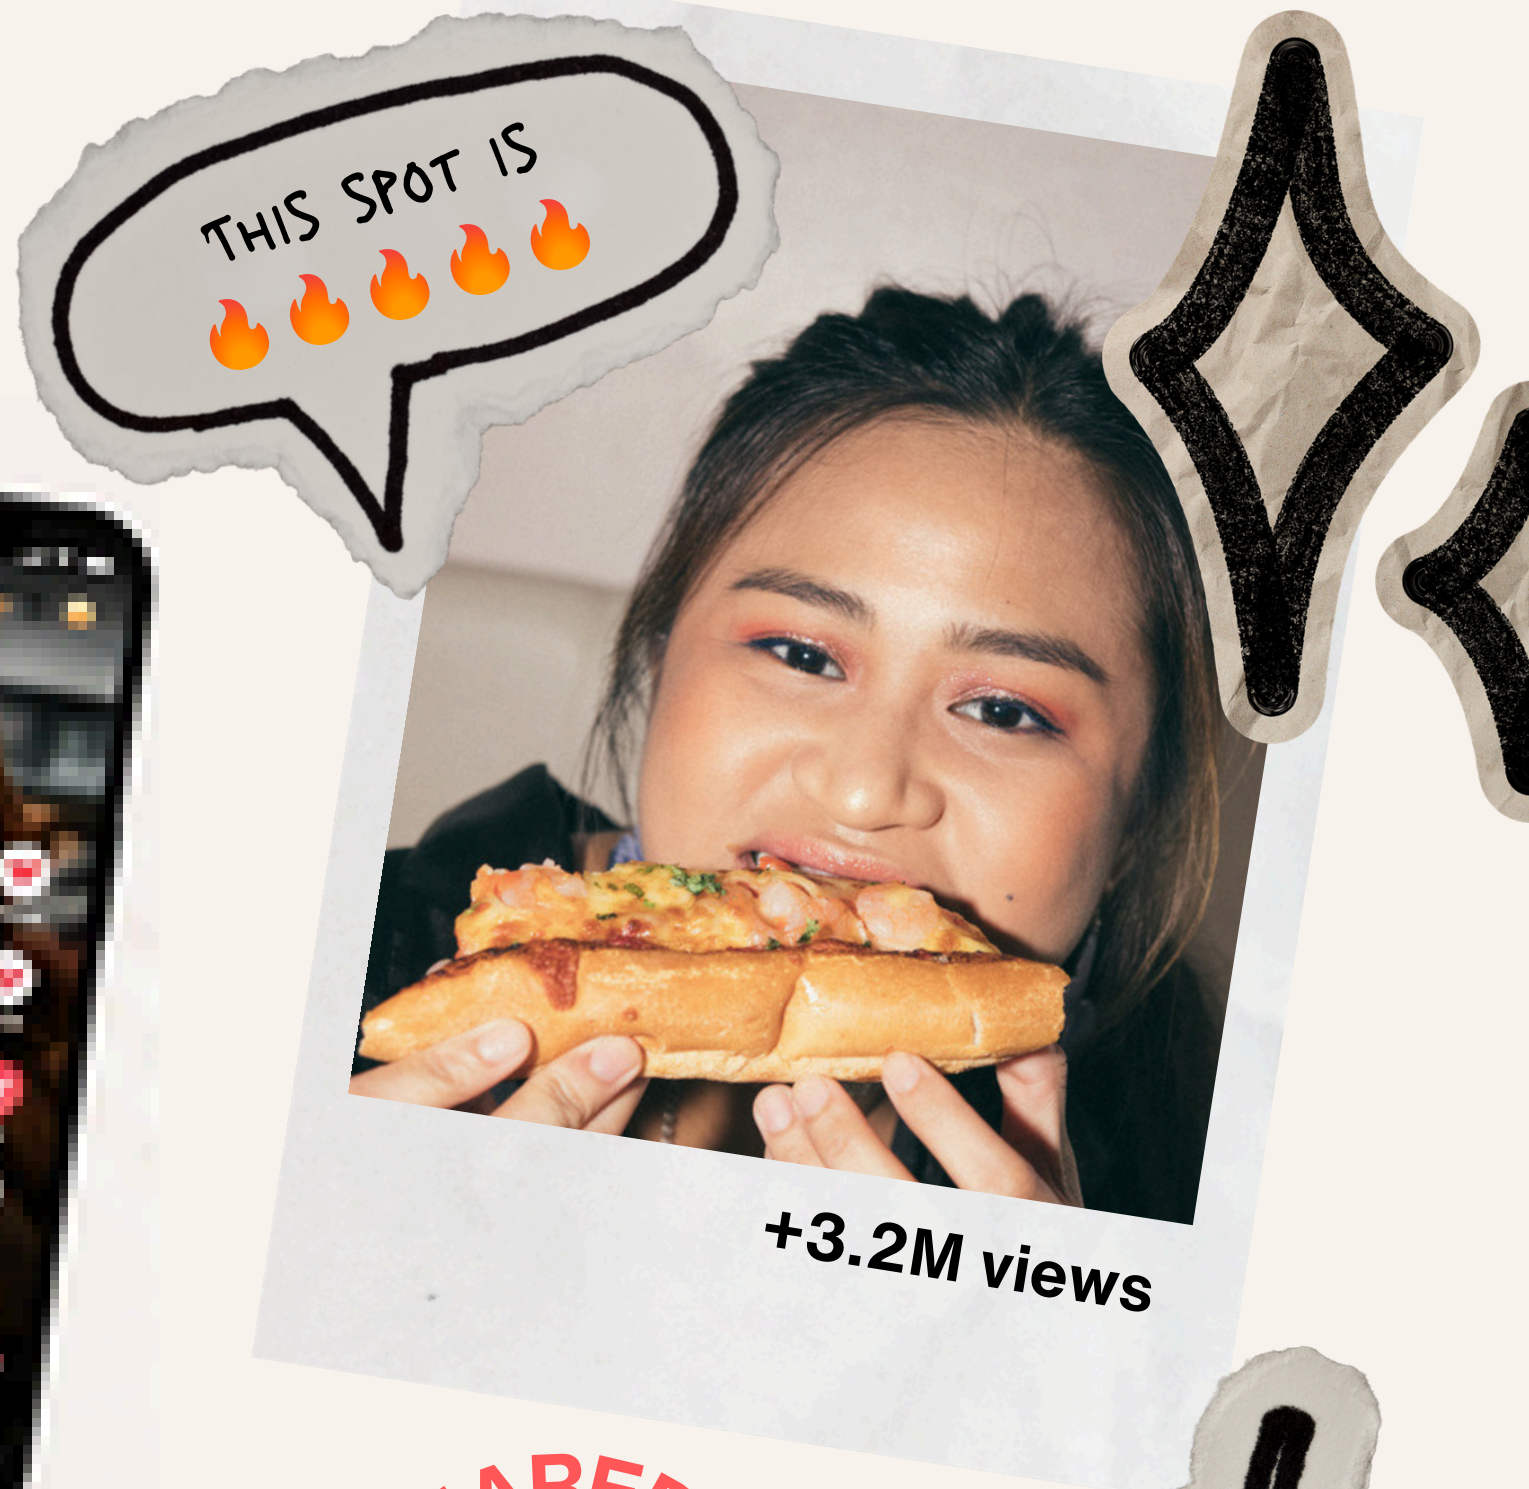

Food used to be
something you ate.

Now it's
something
you share.

The most influential
food brands aren't built in
grocery aisles anymore.

They're built in group chats,
TikToks, creator communities,
and dinner tables.

ATE. SHARED. RATED.

THEN CAME THE FUUDIE.

Food stopped being
a category and
became an identity.

THE CREATOR ECONOMY MADE FOOD CULTURE MAINSTREAM.

AND THEN IT BECAME COMMUNITY.

“People don’t
attend food
events anymore.
They attend for
belonging.”
