

Tim “Spook” Williams had been an instructor at HOOMSC for five years & has been a RiderCoach since 2008. He was a trainer at his job before he retired, so teaching is nothing new to him. Spook rides a 2012 Harley Ultra Classic now, but he has had many bikes as he’s been riding since the age of fifteen. He has logged several hundred thousand miles in the saddle. You will find that Spook has high expectations for everyone who comes to the class because he believes people will perform at the level they are expected to.
