**DID
YOU
KNOW?**

Pickleball was invented because... kids were bored!

In 1965 on Bainbridge Island, Washington, three dads grabbed ping-pong paddles, a whiffle ball, and an old badminton court to entertain their kids—and accidentally created pickleball.

The name? It came from a "pickle boat," a rowing term for a crew made up of leftover rowers—just like pickleball is a mix of different sports. Decades later, it's still the only sport where the kitchen is the one place you don't want to linger... and nobody expects you to wash a single plate!
