GET YOUR SHUFFLE ON: CUPID SHUFFLE PICKLEBALL TOURNAMENT SATURDAY, FEBRUARY 15TH, 2025

You **LOVED** Switcholio so it's back by popular demand (and getting even better) with our new Cupid Shuffle Switcholio Tournament on February 15, 2025.

Register as an individual and Switcholio will shuffle the players and find the perfect pickle partner for you. For the first rounds, you will play with random partners one game at a time to seed you for bracket play. Switcholio then creates the perfect pickle pairs who proceed together through single-elimination bracket play until one team shuffles to the top. You will receive an email closer to the event with instructions on how to download the Switcholio app (and we will provide technical assistance on site as well). Players will be divided into two divisions. If you have any question as to which division you should choose when registering, please contact Ahmed or the front desk and we can help you.

The Weekend Buzz: A Recap of the NPL Houston Combine and A Look Into the Upcoming NPL Draft

The last NPL combine of the 2025 season was this past weekend in Houston, Texas. Players from around the country gathered to show off their skills to try and secure a spot on one of the 12 NPL teams, including the Kansas City Stingers. Julie Gibson, co-owner of the KC Stingers, stated,

“

We are not only looking for excellent top-level play, but also for a stellar teammate both on and off the court. The character of our players, and how they react to adversity and support their teammates is important to us.

”

Gibson and Co-Owner Daryl Wyatt share excitement for the upcoming season, stating, “We are excited about bringing back several 2024 Stingers for the 2025 season and can’t wait to introduce new players to the hive”. They will draft 7 more athletes to complete the team.

The NPL draft will take place the first week of April where team owners lock in their picks for the 2025 NPL season. Kansas City will host NPL Match Weekend #3 at both SW19 locations. Stingers Week 2025 will be jam packed with events for SW19 members and the KC Community beginning the week of July 7 and ending with exciting matches July 12-13. From KC to Down Under: The Global Expansion of Pickleball Reaches Australia

The fast-growing sport of pickleball, which has taken the U.S. by storm in recent years, is now spreading its wings globally. As Kansas City continues to invest in the sport, it's no surprise that pickleball culture is now being exported to new frontiers—one of the most exciting being Australia. Owner of SW19, Daryl Wyatt, has expanded the pickleball franchise down under, opening **Dinx Pickleball Club** in Geelong, Australia at the beginning of March!

The Aussie public has been quick to recognize the sport's accessibility, fun factor, and its ability to appeal to players of all ages and skill levels.

There's no telling where the sport will go next, but one thing is certain: the global pickleball community is stronger than ever. From Kansas City's buzzing courts to the sunny shores of Australia, pickleball is undeniably making its mark across the globe. Whether you're playing in Kansas City, Australia, or anywhere in between, one thing is clear—pickleball is the real 'dill'!
