Construction is progressing at the new SW19 location, which is just a dink away from Arrowhead (GEHA) Stadium. We are expecting the new location to open in time for the New Year! There will be 8 individually fenced courts, room in between for spectators and comfortable seating, video capability, locker rooms with private showers, and special VIP lounges – including a KC Stingers lounge! You will be able to grab a delicious coffee and pastry from the cafe, enjoy a bite to eat, and hang out with your friends and family at the fabulous bar overlooking the courts after some good pickleball play! Stay tuned for more details.
