STATE PLAN UNDER TITLE XIX OF SOCIAL SECURITY ACT
STATE: California

REIMBURSEMENT METHODOLOGY FOR
COMMUNITY HEALTH WORKER SERVICES

1. Notwithstanding any other provision of this Attachment, the methodology utilized by the State Agency in establishing reimbursement rates for Community Health Worker (CHW) services, as described on pages 18e-18g of the Limitations on Attachment 3.1-A, will be calculated by the Department of Health Care Services (DHCS) using the following methodology:
 - a. For dates of service on or after July 1, 2022, the reimbursement rates shall be the lowest of the following:
 - i. the amount billed,
 - ii. the charge to the general public, or
 - iii. 80 percent of the lowest maximum allowance established no earlier than July 1, 2022 by the federal Medicare program for the same or similar item or service.
 1. The rate described in paragraph 1.a.iii may be adjusted to keep the Medi-Cal rate below 80 percent of the lowest maximum allowance as established on July 1, 2022 by the federal Medicare program, if in calculating the Medi-Cal rate, the conversion indicator or conversion factor used to calculate a unit value results in a rate greater than 80 percent.
 - b. The services described in this section is exempt from the ten percent payment reduction described in paragraph (13) on page 3.3 of this Attachment.
 - c. All Medi-Cal Fee-For-Service rates for CHW services established using this methodology can be found at: <https://files.medi-cal.ca.gov/rates/rateshome.aspx>
